Another good year with opportunities to discuss issues affecting North Knapdale and getting excellent support from our local councillors.

In particular we have had significant assistance in getting our infrastructure maintained and updated.

A number of planning issues were debated and relevant input to the Planning Department was made.

We have also been a focal point for dissemination of relevant information to our community.

In particular our local councillors – Sandy, Dougie and Donnie - and Iain MacNicol of the local police.

Local Organisations have also kept us informed of their projects and organisations

MacPool informed us of their project to extend the pool building offering even greater services to our community.

Mid Argyll Youth Development Services explained their services and the excellent assistance that they provide to the youth of our area.

Mission Blue was supported to recognise the economic importance of sustainable development in our area.

We continued to support Heart of Argyll Wildlife

Knot, North Knapdale Opportunity Trust, was maintained. One new wind farm opportunity is being developed for Glasvaar South

MAi, Mid Argyll Initiative, is also being maintained in a dormant state for any possible future funding opportunity that impacts on a number of Community Councils
