Subject: UPDATE: Water Mains Upgrade

Dear stakeholder,

I must apologise for the late notice, but I am letting you know as soon as possible after confirmation from our contractor.

Unfortunately, we are going to have to delay starting the water mains upgrade work in Tayvallich until after the festive period – all being well in early January.

A recent site visit ahead of the planned start date has revealed there are other utilities extremely close to the old water main. As a result, we will have to use a different method than the one we had planned, which requires different traffic management arrangements.

We are working with Argyll and Bute Council to put in place arrangements that will minimise disruption to the local community while keeping contractors, pedestrians, and road users safe, including all legal notices.

We can only apologise for the delay.

If you need any further information, please do not hesitate to get in touch.

Kind regards,

Matt
